

# Guido van der Werve: Compilation 2003

Limited edition video, 2003

Signed, dated, numbered (2/25, 4/25)

Simple original sketch by van der Werve on front, beneath plastic

Produced in 2003 as an anthology of his work to date, this really is an incredible compilation of some of the artist's best-known early pieces.

Content, which is shown right, includes *The Walking Pigeon*; a first version of *The Rocket Movie*; the first of his numbered films (*Nummer 2*) as well as a series of still images (see below) which van der Werve here calls 'postcards' - later editioned as wonderful images in their own right.

The wealth of material on this rare video edition - produced and sold independently shortly before the artist began to find growing fame - makes it a highly desirable piece.
